OBJECTIVES

Motivated Computer Science student specializing in Data Analysis, with solid hands-on experience in SQL querying, Python scripting, and Advanced Excel modeling. Trainee at the Digital Egypt Pioneers Initiative (DEPI), dedicated to transforming raw datasets into actionable business insights, building clean analytical workflows, and supporting data-driven decision-making.

EDUCATION

Bachelor of Science in Computers and Information | Egyptian E-Learning University (EELU) *Expected Graduation: 2029* | Cumulative GPA: **3.61 / 4.00**

SKILLS

Technical Skills

- **Programming & Scripting:** SQL (PostgreSQL, MySQL), Python (Pandas, NumPy, Matplotlib, Seaborn), Java.
- **Data Tools & Analytics:** Advanced Excel (Pivot Tables, VLOOKUP, Power Query, SUMIFS), Data Cleaning, Exploratory Data Analysis (EDA).
- **Web & Databases:** Relational Database Design (Normalization, Joins, Subqueries), HTML5, CSS3.
- **Developer Tools:** Git, GitHub, VS Code, Jupyter Notebook.

Soft Skills

- Analytical Thinking & Problem-Solving.
- Attention to Detail & Data Accuracy.
- Effective Communication & Presentation.
- Teamwork & Cross-functional Collaboration.
- Continuous Learning & Adaptability.

PROJECTS

Retail Sales & Profitability Dashboard | *Advanced Excel, Pivot Tables, Power Query*

- Extracted, cleaned, and transformed transactional retail sales data using **Power Query** to handle missing values and standardize records.
- Built dynamic **Pivot Tables** and interactive dashboards to track key performance metrics including total revenue, profit margins, and sales trends.
- Implemented interactive slicers and KPI scorecards to analyze product performance across regions, facilitating data-driven decision-making.

Personal Portfolio Website | *HTML5, CSS3, JavaScript, Git/GitHub*

- Designed and developed a responsive personal portfolio website to showcase technical projects, data analysis skills, and professional experience.
- Structured modern semantic **HTML5** layouts and styled responsive user interfaces using custom **CSS3** media queries.
- Hosted and deployed the website on **GitHub Pages**, ensuring clean code organization and cross-browser compatibility.

Glossy Touch Web Application | *HTML5, CSS3, Web Development*

- Developed an interactive front-end web project for the **Glossy Touch** brand with a visually appealing, user-centric interface.
- Optimized page layout and navigational components using structured **HTML5** and modern **CSS3** styling techniques.
- Ensured mobile responsiveness, fast loading performance, and intuitive user experience across different screen sizes.

COURSES & CERTIFICATES

- **Data Fundamentals** | IBM SkillsBuild
- **AI Fundamentals** | IBM SkillsBuild
- **Front-End Web Development (HTML5, CSS3, JavaScript)** | Mahara-Tech (ITI)
